Data modelling and form design for a business application in Zoho Creator

Aim :

To design and develop an **Event Registration System** using Zoho Creator by creating a structured registration form, using different Basic Field elements, organizing the form into logical sections, applying field validations, and storing participant details in a report for easy management and filtering.

Procedure :

Step 1: Create Application

Open Zoho Creator → Create Application → Create from Scratch → Name it Event Registration & Participant Management.

Step 2: Create Form

Select Create Form → Blank Form → Name it Event_Registration_Form → Open Form Builder.

Step 3: Participant Details Section

Create section Participant Details and add:

- Name → Participant_Name (Mandatory)
- Radio → Participant_Type (Student/Faculty/Professional, Mandatory)
- Number → Team_Size (1–6)

Step 4: Contact & Institution Details

Add section and include:

- Email → Email_Address (Mandatory)
- Phone → Contact_Number (Mandatory)
- Single Line → College_Organization_Name
- Address → Institution_Address

Step 5: Event Preferences

Add section and include:

- Drop Down → Event_Track (Mandatory)
- Multi Select → Areas_Of_Interest
- Multi Line → Expectations_From_Event

Step 6: Scheduling & Acknowledgement

Add section and include:

- Date → Preferred_Session_Date
- Time → Preferred_Session_Slot
- Checkbox → Agree_To_Code_Of_Conduct (Mandatory)

Step 7: Validations

- Email format validation
- Phone number validation
- Team size range: 1–6
- Mandatory fields enforced

Step 8: Save & Preview

Save form → Open Preview → Check all fields and validations.

Step 9: Sample Entries

Submit at least 3 sample registrations with different participant details.

Step 10: Report Generation

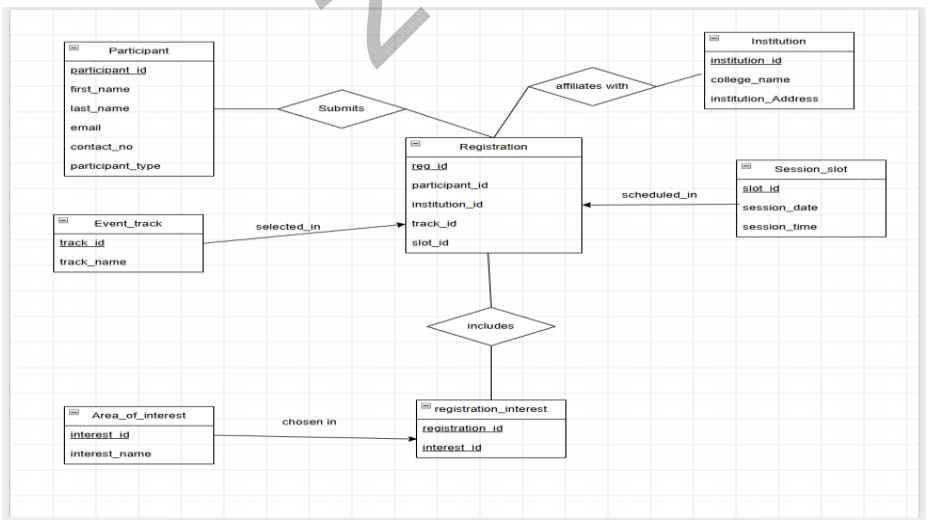

Open report → Rename as Event_Registration_Report → View and filter submitted data.

Step 11: Final Structure

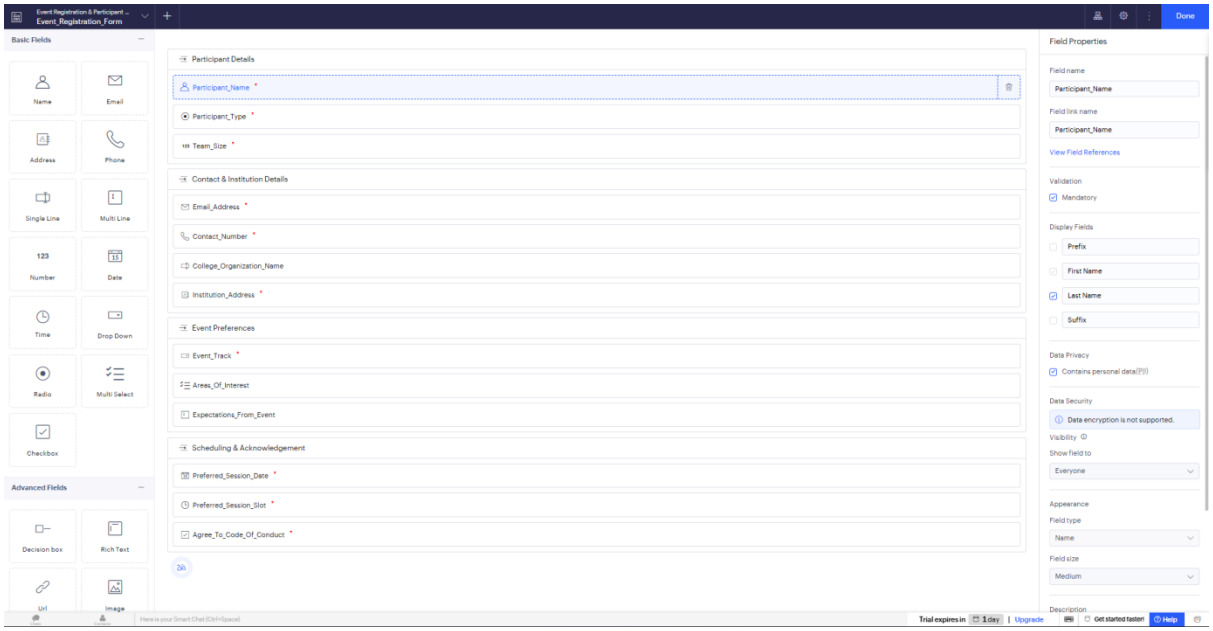

Form contains 4 sections and 13 fields with proper validations and data storage. The form is tested using sample registrations and the submitted data is verified in the report.
